(OVER for Children's Information)

St. Peter Church REGISTRATION FORM - CHILDREN / YOUTH CATECHESIS

St. Peter Church welcomes all children and teens and strives to be as inclusive as possible in providing catechesis and sacramental preparation for children with disabilities. Children with disabilities make a most valuable contribution to our parish family. Our parish special needs advocate, Leslie Whitehead, is happy to meet with parents to discuss any unique ways we can adapt our parish programs to meet the needs of their child.

Cost of Programs: Our parish programs for children and youth are paid through parishioners' contributions, and all families are encouraged to pledge annually. In addition, for families who participate in parish religious education or youth group, we suggest, for each child, a donation of \$25 per semester or \$50 for the year to help defray the costs of materials and related expenses. Families are welcome to contribute more or less as necessary, depending on individual financial circumstances.
