

ST. PETER CATHOLIC CHURCH

STRATEGIC PLAN | 2020-2023

ANTICIPATED OUTCOMES OF THE MAJOR STRATEGIC PLAN INITIATIVES

... to come, as enhanced time, talent, and financial resources permit, through intentional reliable pledges

- Enrich our overall liturgical experience.
- Support and expand our various religious education programs offered to all parishioners, to enrich their faith.
- Offer additional age appropriate programs for our young people.
- Provide a welcome and supportive parish environment for everyone.
- Expand our Outreach Program's community impact by more deeply engaging our parishioners in serving the poor and changing their lives through annually supporting various charitable and social justice ministries.
- Enhance our Communications and Evangelization to reach out to many downtown Catholics and the unchurched to offer St. Peter as a spiritual home.
- Establish a facilities master plan to ensure stability and growth of our physical assets.
- Actively and consistently communicate with all parishioners via multiple platforms with improved digital pathways.

Now comes the challenging part—three years of implementation to increase the vitality and meaningfulness of our Parish in every member's life. To achieve these goals, the Human Resources Committee has developed a plan that will allow for the gradual increase in additional staff and volunteers as resources are realized. This plan will require all of us to consider our individual gratitude for all of God's blessings in our households and the Parish.

Please set aside some time to reflect on your overall commitment to your Catholic faith, St. Peter Parish and your household's ongoing faith formation. To realize the vision for the Parish, we will need your support and all of these enhanced resources to power our vision and mission.

We are excited about our new vision and plan for our future as a Dominican family of faith and grateful that we are gradually and safely renewing our presence both in person and virtually.
